Price List

The menu bar labelled "Price List" takes you to our web site where you can view some prices on hardware and software that we offer. The Price List shows the more commonly sold products, and will give you an idea of the cost to purchase for your company.

If you can't see what you want or see something you would like to purchase then please telephone The Support House on 8377 3222 to enquire further or place an order.

Custom Fields in Sybiz Vision

Did you know that Sybiz Vision has the ability to allow you to add custom fields to certain files that will allow them to display on the view screen, custom reports and certain forms?

In this article we show you step by step how to add a custom field to your database, so that the fields will display in the finder and view screens.

Reports in Sybiz Products

There are three types of reports in Sybiz Vision and Sybiz Vision Pay. Understanding which types of reports you print can assist in finding and resolving specific problems in your database.

Back / Forward Posting

There has been a bit of confusion lately regarding the reconciliation of subsidiary ledgers to their control accounts in the general ledger. The following article will hopefully serve as a guide to implementing back or forward posting policies in your own organisation. It concentrates only on invoicing in Sybiz Vision 2.60.

Welcome to the January 2004 edition of TSH Brief.

The New Year is a time for reflecting on the past year and determining goals for the new year. Last year brought many changes to The Support House Pty Ltd and this year we look forward to consolidating these changes - changes that assist us in helping you get the most from your accounting and payroll software.

A move towards expanding the capabilities of your current software are high on our agenda. Add on reports that give you more functionality, programs that expand your system and provide you with information relevant to your industry—these are the areas that we will be concentrating on accomplishing this year.

Happy reading. As usual if you have any feedback, please [contact me](#).

Unsubscribing

This email has been sent to you by The Support House Pty Ltd to provide you with useful information pertinent to your computer system.

Please [click here](#) if you wish to be removed from our email listing for future editions of TSH Brief.

New Period In Vision Pay

Performing a New Period in Sybiz Vision Pay is fairly routine, however it is important to run the New Period at the correct time. Many users perform a New Period directly after processing pays and printing reports and backing up. Other users run the New Period just prior to processing the following period's pay.
